ACSI's mission is having a profound impact on countless children, families, and communities around the world. Reaching more than 26,000 Christian schools in over 100 countries, we continue to witness God's faithfulness and favor upon Christian education and our efforts. This transformative work is changing lives and making an immeasurable difference.

In order to effectively access and serve Christian schools globally, ACSI aims to provide our resources in multiple languages. Currently, ACSI Europe offers educational resources in eight languages, including French, Spanish, and Polish. In response to growing demand, we aim to add Ukrainian as the next supported language.

Christian schools in Ukraine are looking to ACSI for support that will help keep their operations open and sustainable, train their leaders, and meet the unique needs of their school communities during an ongoing crisis. Translating ACSI's web platforms can help reach more schools, educators, and students throughout Ukraine with the resources they need to succeed, especially at a time when online and digital Christian education are in high demand.

To accomplish this important endeavor, ACSI is seeking help to cover the costs of translation. Thank you for prayerfully considering making a financial contribution and supporting our mission. Your gift will help strengthen Christian schools and equip Christian educators with the resources, guidance, and leadership they need to effectively prepare and inspire the next generation of devoted Christ-followers.
